Title

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MIAMI GARDENS, FLORIDA, AUTHORIZING THE CITY MANAGER TO ISSUE A PURCHASE ORDER, IN ACCORDANCE WITH THAT CERTAIN GENERAL SERVICES ADMINISTRATION SECURITY ACCESS SYSTEM CONTRACT, IN AN AMOUNT NOT TO EXCEED \$193,541.00 TO GLANZ TECHNOLOGIES, INC.; PROVIDING FOR THE ADOPTION OF REPRESENTATIONS; PROVIDING AN EFFECTIVE DATE.

Staff Summary

On April 11, 2007, the City Council authorized the purchase of property to house the Police Department and all services related to the operation of that department. As part of the general assessment of the building it was determined that the need for a security access and surveillance camera monitoring system is needed. The inherent nature of law enforcement necessitates that the building be secure at all times and limit access to the general public. As international and domestic terrorism is a constant concern, staff has reviewed various security systems and made evaluations of each based on timeliness of installation, compatibility with the ongoing construction, and expansion capabilities to move toward a Citywide system.

Analysis:

The conclusion of staff was that the most comprehensive system being offered was the Bosch Security System in terms of availability and possible expansion. A quote was received from Glanz Security Consultants based upon pricing available through an existing GSA Contract.

K-8) CONSENT AGENDA

Issue Purchase Order for Security Access System Contract

The plan involves installation of a complete security access and monitoring system which will track and deter unauthorized entries, photographically capture incidents occurring inside and outside of the facility and monitor secure access points. The system is also capable of being expanded to provide coverage to other City owned locations that would be monitored from the police facility. This would allow for greater response times to incidents occurring at City owned properties and add an additional layer of security to these facilities.

Federal Supply Service negotiated and awarded a contract for "Schedule 084" which includes a Total Solutions for Law Enforcement Security. Counties and Cities are authorized to purchase with the same terms, conditions and pricing under GSA Disaster Recovery Contract GS-07F-7820C. Award was made to Bosch Security Systems, Inc. for a contract period of September 2005 to August 2010. The local authorized Bosch representative is Glantz Technologies, Inc.

Recommendation:

That the City Council approve the attached resolution authorizing the City Manager to issue a purchase order in accordance with the General Services Administration Security Access System contract in an amount not to exceed \$193,541 to Glantz Technologies, Inc. located in North Miami, Florida, for the purchase and installation of a security access system.
